

AGENDA

WORKSHOP: IMPLEMENTATION AND EXPANSION OF AGRIVOLTAICS IN TÜRKİYE AND GERMANY

23 OCTOBER 2025

9AM – 11AM CET // 10AM – 12PM TRT

ONLINE VIA ZOOM

The Turkish-German Energy Partnership is hosting a workshop dedicated to advancing the promotion of agrivoltaics in Germany and Türkiye. The event will highlight recent research on the regulatory landscape and practical implementation of agrivoltaics in both countries. Building on these insights, participants will engage in discussions on the necessary steps for the development of agrivoltaics.

The workshop brings together experts from diverse fields—including the private sector, associations, academia, and policy—who will contribute their perspectives to outline the key adjustments needed to support the expansion of agrivoltaics in Türkiye and Germany.

The workshop will take place in Turkish and English. Simultaneous translation will be available. Registration is possible under [this link](#). The Zoom link will be shared following registration.

23 OCTOBER

CET // TRT

9:00 // 10:00

Check-in

Workshop moderation:

David Fritsch, Senior Expert Infrastructure & Energy System, German Energy Agency (dena)

9:05 // 10:05

Welcoming Words

Anchali Stapornwongkul, Interim Head of Division, Fundamental Issues of Bilateral Climate and Energy Cooperation; Cooperation in North America, East Asia, Oceania and Türkiye, German Federal Ministry of Economic Affairs and Energy

Mustafa Çalışkan, Head of Department, Renewable Energy and New Technologies, Ministry of Energy and Natural Resources of the Republic of Türkiye
